EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended according to the request from Applicant's representative, Mr. Donald MacIntosh, filed August 13, 2006 in the response to After Final as following:

Title:

Since the title of the invention is not descriptive, a new title is required that is clearly indicative of the invention to which the claims are directed.

The title has been changed to: __ *Liquid Crystal Display with Fluorescent material* __.

Claim 1: line 8, after "having", delete "both", insert *_ either _*;
line 8, after "positive", delete "and", insert *_ or _*.

Allowable Subject Matter

Claims 1-6 are allowed.

Reasons for Allowance

Claims 1-6 are allowable since there is no prior art of record that teaches or suggests a liquid crystal display apparatus, wherein apparatus having either positive or negative operating modes, comprising a relationship of various elements as claimed with the specific allowable subject matter cited in the following claim:

Claim 1:

- a layer including fluorescent material between rear polarizing layer and reflector to emit specific wavelength to provide a specific color in negative operating mode for display segments

Claims 2-6 are allowed since they depend on the allowed claim 1.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Arikawa et al (U.S. Patent No. 6,147,934) discloses a pattern made of fluorescent material and formed on reflecting layer. The pattern appears in the background of the display device while the fluorescent layer in the current application emits a specific wavelength to provide specific color in negative operating mode for display segments.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
